I'M BACK!

Hello nice to meet you. My name is Sou. It's great that I was able to draw a lot of uniforms and landscapes.

While I was drawing this manga, I moved from Kansai to the Kantou region. But the place I moved to is near a lot of schools, so when it becomes evening I am able to happily see various kinds of uniforms. I really want to gaze at them while keeping a reasonable distance. I'm not a suspicious person!

Later, I'd heard about it, but the tastes of Kantou are really hard to deal with. Though I've gotten used to it now, to think that the taste of a cup of udon was really so different!

With that, thank you very much for reading a manga from guy like me. From now on I will also give my best, so please treat me well. Writing an afterword is really hard.

Though I re-wrote this by hand ten times, it was very dirty.
